Curriculum Notes

- A max. of 30 community college credits may apply to this specialization.
- Please refer to the Course Catalog (<https://catalog.seattleu.edu/>) for a full list of approved courses that fulfill CRJS specialization electives
- Students planning to pursue a career in forensic psychology are strongly encouraged to double major or at least minor in Psychology. No more than 20 credits of PSYC courses from this specialization will be counted towards the minor. Students double-majoring in this specialization and in PSYC have the choice to either take PSYC 3030 & 3050 OR CRJS 3010 & 3020 for their research sequence and so don't have to take all 4 classes.
- If CRJS 4870 is taken for 3 credits, student may need a 2-credit general elective to reach the 180 credits required to graduate.
- **[**]** CRJS-4050 is a required class for students who began attending SU in 22FQ and onwards or who changed into this specialization in 22FQ and onwards. For students who had already been attending SU and had declared this specialization before 22FQ, CRJS-4050 is not a required class, and instead they are required to take CRJS-4800 Forensic Science (usually offered in Winter).
