FOCUS YOUR FINANCE DEGREE

The Master of Science in Finance (MSF) program offers an in-depth education in finance designed primarily for individuals who have completed an undergraduate or graduate degree in business. The program also includes the corollary fields of accounting and economics and incorporates discussion of ethical issues in business and finance. In addition to the development of appropriate quantitative and communication skills, the MSF allows you to focus your studies in financial analysis/investments, risk management, or corporate finance, if you choose.

POST-MSF JOB TITLES:

Financial Analyst,
Amazon
Financial Manager,
Microsoft
Financial Planner,
Boeing
Financial Advisor,
Microsoft
Head of Operations,
Faira

LEARNING GOALS

On successful completion of this program, you will be able to:

- **Quantify the relation between risk and return** and apply it in value-maximizing financial activities of individuals and corporations (in global, ethical context).
- **Choose and be proficient in applying** financial tools and analytical methods to improve financial decision-making.
- **Effectively communicate and justify**, in both written and oral form, results and recommendations of financial analysis to audiences having varying degrees of financial sophistication.

MSF SCHEDULE : 45 CREDITS TOTAL
