## Project Proposal

---

(Minimum 11-point font with 1-inch margins, maximum 3 pages. Note that the review panel will be comprised of faculty and professionals from a variety of environmental justice- and sustainability-related disciplines. Please write your proposal with this audience in mind.)

1. Intended objective(s) of the project.
  
2. The methodology you will employ.
  
3. Discussion of the significance of your project to the larger concerns of environmental justice or sustainability.
  
4. Project Timeline
  
5. Statement of support and commitment from faculty mentor (submitted separately, by email) that indicates the mentor:
  - a. Has read the project proposal and endorses the proposed work; and
  - b. Can provide supervision and mentorship throughout the duration of the project, as outlined in the “requirements for faculty mentors” in the “Request for Proposals.”
