

**CREDIT BY EXAMINATION THROUGH THE COLLEGE LEVEL EXAMINATION
PROGRAM AND DANTES SUBJECT STANDARDIZED TESTS**

COLLEGE LEVEL EXAMINATION PROGRAM

(applies to students admitting in 2026-27 and beyond)

1. Credit may be granted for satisfactory completion of subject examinations given by the College Level Examination Program (CLEP) of the College Entrance Examination Board, (CEEB). Credit will not be granted by Seattle University for the General Examinations regardless of the scoring level. However, a transferable Associate of Arts (AA) degree from a Washington state community or technical college which includes General Examination CLEP credit will be honored by Seattle University if the AA degree conforms to the [Intercollege Relations Commission \(ICRC\) Handbook](#) dated 1990 or later.
2. Except when used in an AA degree, as above, credit will be granted only upon receipt of official test results from CEEB and cannot be transferred from another school's record. Seattle University's CEEB code is 4695. Information is available at <http://www.collegeboard.com>.
3. A maximum of 45 credits may be obtained through programs such as CLEP, AP, IB, A-level, and DANTES. Credit earned through such programs, in combination with credits obtained through credit by examination program, shall not exceed a total of 45 quarter hours.
4. CLEP credit will be considered community college level and therefore will be subject to the lower division transfer credit limitation. However, because these credits are awarded by Seattle University, they are not considered transfer credits. (See Policy 77-1)
5. Beginning July 2001, Seattle University will use the American Council on Education (ACE) recommendation of a credit-granting score of 50 (on a 20-80 scale) . This minimum reflects the mean test score of students who earn a grade of C in the corresponding college courses.
6. Credit may be granted by obtaining the score recommended for credit by CEEB on the following CLEP subject examinations. Where there is an X, that means general elective credit, no equivalency.
7. Credit may be granted to satisfy University Core requirements if not already granted for major or College requirements.
8. With a score of 50 and department approval, CLEP subject examinations other than those listed may be accepted by petition.
