### NOTES

\*\* If two or more lecture times with different times, exam time is based on the first lecture.

\*\* For combined lecture/lab courses, exam time is based on lecture meeting pattern (day/start time).

\*\* For hybrid classes that don't meet regularly, use the first in classroom week's meeting pattern to determine final slot

All final examinations must be given during the final exam week.

Not all classes host final exams. Consult your course syllabus or ask your faculty member for details about the requirements for each class.

See the [Final Examinations, 75-10 policy](#) for additional details.
