

Orientation Graduate Coordinator – Position Description

SUMMARY OF THE ROLE

The Graduate Coordinator (GC) is a key leadership role that plans and implements transition support initiatives for new students and their supporters to foster a sense of belonging within the Redhawk community. GCs contribute to departmental leadership by overseeing various programming initiatives for orientation and welcome events throughout the academic year, as well as student leader recruitment, selection, training, and mentorship experiences. Through indirect supervision, GCs assist in guiding Orientation Leaders (OLs) to discover their own unique talents, fulfill their responsibilities, and create connections on campus. GCs are supervised by the Director of Orientation Programs.

OVERVIEW OF ORIENTATION PROGRAMS

Orientation Programs supports new first-year and transfer undergraduate students and their families and supporters in transitioning to college life at Seattle University. Orientation is experienced in a hybrid format, with program offerings depending on which term students will start their Redhawk journey. Students who start their time in the Fall Quarter have a hybrid Summer Orientation and in-person Fall Welcome program. Students who start their time in the Winter Quarter or Spring Quarter engage in online programming prior to arrival, a one-day Orientation prior to the start of their term, and optional in-person events during their first week of classes. We also support transition initiatives throughout the academic year that support student belonging and retention.

Our Mission

Orientation Programs promotes student learning and engagement through transition programs, guidance, and mentorship for students and their supporters.

Our Vision

Implement a comprehensive transition experience for all undergraduate students that centers equity, hospitality, innovation, and student empowerment.

Our Curriculum

To coordinate effective learning experiences that support a student's successful transition to college, we utilize a curriculum based on the following learning goals:

- Sense of Belonging: You will create a connection with Seattle University and build relationships with peers, faculty, and staff.
- Academic Excellence: You will embrace intellectual passions and envision your path to success.
- Inclusion & Identity: You will engage in reflection about your identities and how to build relationships across differences.
- Personal Growth: You will explore your values, sense of purpose, and social responsibility.
- Self-Reliance: You will learn how to navigate campus, seek support resources, and sustain holistic wellbeing.
